The New Blast Furnace,

Upon the whole of these valuable and convenices it is conceived it would in the hands of a person well skilled and experienced in working the black Oxyde or steel ore be a very valuable establishment. It is situate about five miles west and directly opposite the head of the Canal which empties into the water of Susquehanna. This water power and site would if it be believed (from keep up as a furnace) answer well for a large manufactory of Woolen, Cotton, &c There is also a lot of good thriving woodland on the state ridge of about thirty acres, to be sold separately at the same time and place, one of the proprietors being lately deceased, it will be sold to close the concerns Tolerable credit. FOR SALE.

A TRACT OF LAND in Prince George's county, called Terrel Green and Bowling Green containing 172 acres more or less 24 miles from the city of Washington 19 from Alexandria 4 from the town of Nottingham, and 3 from Patuxent river. On the land is a frame Dwelling House, with two rooms on a floor, having a piazza in front, running round to a shed room at the end. The building is not entirely finished, but is new and sound—A well of good water in the yard, on the place is an orchard of about 100 bearing trees; a cherry walk; and about 100 acres of cleared Land, the rest is in wood The cleared land is enclosed, and divided by fencing lately made new.

The tract is generally level though sufficiently waving as to prevent any stagnant water—the land is not worn out, and is free of stone The soil is of the red clay kind and is generally quite equal to the uninproved land in the neighborhood of Baltimore The vicinity of this place to the cities mentioned whose market is perhaps better or produce than this or most other places. The convenience to the Patuxent river, from whence hay for cattle & shipping may be procured in abundance as also fish from that river and Potomac—The great healthiness of the place being perhaps equal to any other in Maryland——It being entirely free from Intermittent and Bilious fevers——and in addition to all these advantages, it may be mentioned that in all likelihood the price will be less than one half the price of any healthy situation within twenty miles of this city These considerations induce me to this place an object to any one who desires to purchase or hold land. For terms, apply to the subscriber, on the premises.
