Valuable Real Estate FOR SALE.

The subscribers offer at Private sale that valuable estate.

OAKWOOD;

The property of the late Dr. W. T. Ringgold, situated on Corsica Creek a branch of Chester River, about 45 miles from Baltimore, and six miles from Centreville. It contains a tract of 1100 acres of which 600 acres is heavy primitive timber, a large proportion suitable for ship builders, say white oak, cedar, and locust—and lying on navigable water.

The arable land is naturally an excellent soil; and might be made, by proper management and at a small expense, one of the most productive estates in Queen Ann's County, as it abounds with marle and other native manures, of the finest quality, and easy access. Fish and wild fowl are abundant in their seasons—and the situation is one of the most salubrious on the Eastorn Shore of Maryland.

The improvements consist of a two Story Brick Dwelling with a frame wing attached, kitchen, smoke house, granary, two corn houses, barn with stabling, overseer's house & quarter. The purchaser will have the privilege of seeding a crop of wheat the ensuing fall, and full possession given on the 1st of January 1833—and also an opportunity of furnishing himself from the present stock of horses, horned cattle, sheep, hogs, &c. to be disposed of at public sale the ensuing autumn.

As the Wood Land is much more than is necessary for the farm, a portion of it would be disposed of in LOTS to suit purchasers, if application is made in time—The property can be examined at any time upon application to Mr. Asbury Carter, residing on the premises, any communication addressed to either of the undersigned, in Chestertown, will bo promptly attended to.

W. P. MATTHEWS

Swaim's Panacea,

FOR THE CURE OF

Scrofula or King's Evil, Syphilitic and Mercurial Diseases, Rheumatism, Ulcerous Sores, White Swellings, Diseases of the Liver and Skin, General Debility, and all diseases which originate from impure blood or indiscretion of Youth, and where the constitution has been broken down by the use of Mercury, Arsenic, Bark or Quinine, &c, and most internal diseases where the Lungs and chest are supposed to be affected, &c.

In order to make fully known in what estimation Swaim's Panacea is held by the medical profession, the proprietor subjoins certificates from gentlemen who in their private as well as public characters aes deservedly ranked among the most scienaific of the profession. The public as well ts the proprietor of the Panacea owe much gratitude to the gentlemen who have thus testified in its favour—their recommendations have occasioned its use in various cases of inveterate corruption of the blood, descending to the second generation which otherwise would have destroyed valuable lives. Their humanity and disinterestedness in promoting the currency of a medicine found to be of such great benefit to the human race without regard to its original ownership claims the grateful admiration of a beneficent public.

This medicine has the singular fortune a just tribute to its great merit, of being recommended by the most celebrated practitioners of medicine in the United States and elsewhere; whereas not one of the spurious mixtures made in imitation of it has the least support from the medical faculty. This fact offers an argument so plain and conclusive that it needs only to be mentioned to enforce conviction.

The false reports concerning this valuable medicine which have been so diligently circulated by certain Physicians must have their origin either in envy or in the mischievous effects of Spurious Imitations.—I leave the public to judge for themselves.

I pledge myself to the public and give them the most solemn assurances, that this medicine does not contain mercury in any form whatever.

CERTIFICATES

From Dr. N. Chapman professor of the Institute and of Physic and Clinical Practice in the University of Pennsylvania, President of the Academy of Medicine of Pennsylvania, &c.

I have within the last two years had an opportunity of seeing several cases of very inveterate ulcers which having resisted previously the regular modes of treatment were healed by the use of Mr. Swaim's Panacea, and I do believe from what I have seen, that it will prove an important remedy in scrofulous, venereal and mercurial diseases.

N. CHAPMAN, M. D.

From Dr. W. Gibson Professor of Surgery in the University of Pennsylvania, Surgeon and Clinical Lecturer to the Alms House, Infirmary &c

I have employed the Panacea of Mr. Swaim, in numerous instances within the last three years, and have always found it extremely efficacious, especially in secondary syphilis and in mercurial disease. I have no hesitation in pronouncing it a medicine of inestimable value.

W. GIBSON. M. D.

From Doctor Valentine Mott Professor of Surgery in the University of New-York Surgeon of the New-York Hospital, &c

I have repeatedly used Swaim's Panacea both in the Hospital and in private practice, and have found it to be a valuable medicine in chronic, syphilitic, and scrofulous complaints and in obstinate cutaneous affectsion VALENTINE MOTT, M.D
