VALUABLE LANDS
FOR SALE.

THE subscriber is authorised to dispose of in private sale, all that tract of land, formerly the property of Richard Chew, and lately of John Muir, Esq deceased, consisting of 1095 acres situate in Anne Arundel county, lying on the Chesapeake Bay, and forms the mouth of Herring Bay; twenty miles from Annapolis, fifty from Baltimore, and thirty five from the city of Washington. This land is rich and fertile as any on the Chesapeake, affords the most luxurious pasturage, has a large proportion of meadow land, and the greatest abundance of fine wood and timber, and for ship building, the best timber on the Chesapeake may be had on this land. The situation is healty, and as beautiful a prospect as any on the Bay, a good harbour, and the water, lying around the land afford the greatest abundance of excellent fish, crabbs, oysters and wild fowl. The very convenient situation of this land must be obvious to every person wishing to purchase, as the wood, timber, and the whole product of the land, can be removed thence by water, and that in a few hours, to the markets of Annapolis and Baltimore.

A more minute descrip ion of this valuable property is thought unnecessary, as any person wishing to purchase can view the same by applying to Dr. Richard T Hall, who resides thereon, or to Mr Philemon L. Chew, who lives within a few miles of it. Terms will be made made known on application to the subscriber.

A GREAT BARGAIN.

I WILL Sell the Plantation on which I reside, being within 16 miles of the city of Washington; the same distance from Alexandria, and five miles from Nottingham on the Patuxent—containing about 2,300 Acres. This estate is *handsomely* improved, having all the buildings and necessary houses in good order, which could be reasonably required; has *fine water* in the greatest abundance, and is among the *most pleasant and healthy* situations in Maryland; the soil good, the Plaster of Paris *from experience*, having all the *effect which could be desired*—wood sufficient. The land nearly all enclosed, and divided into different fields and lots. It is believed, no place in Maryland has greater advantages for raising *Sheep on a large scale*. The purchaser may have his own time for the payment of the principal, on paying the interest annually. He can also be supplied with all kind of personal property for carrying on the farm.
