Swaim's Panacea.

FOR THE CURE OF

Scrofula or King's Evil, Syphilitic and Mercurial Diseases, Rheumatism, Ulcerous Sores, White Swellings, Diseases of the Liver and Skin, General Debility, and all diseaseswhich originate from impure blood or indiscretion of Youth, and where the constitution has been broken down by he use of Mercury, Arsenic, Bark or Quinine,&c, andmost internal diseases where the Lungs and chest are supposed to be affected, &c.

In order to make fully known in what estimation Swaim's Panacea is held by the medical profession, the proprietor subjoins certificates from gentlemen who in their private as well as public characters aes deservedly ranked among the most scienvific of the profession. The public as well as the proprietor of the Panacea owe much gratitude to the gentlemen who have thus testified in its favour—their recommendations have occasioned its usein various cases of inveterate corruption of the blood, descending to the secondgeneration which otherwise would have destroyed valuable lives. Their humanity and disinterestedness in promoting the currency of a medicine found to be of such greta benefit to the human race without regard oits original ownership claims the grateful admiration of a beneficent public.

This medicine has the singular fortune a just tribute to its great merit, of being recommended by the most celebratedpractitioners of medicine in the United States and elsewhere; whereas not one of the spurious mixtures made in imitation of it has the least support from the medicalfaculty. This fact offers an argument soplani and conclusive that it needs only to be mentioned to enforce conviction.

The false reports concerning this valuable medicine which have been so diligently circulated by certain Physicians must have their origin either in envy or in the mischievous effects of Spurious Imitations —I leave the public to judge for themselves.

I pledge myself to the public and give them the most solemn assurances,that this medicine does not contain mercury in any form whatever.

CERTIFICATES.

From Dr. N. Chapman professor of the Institute and of Physic and Clinical Practice in the University of Pennsylvania, President of the Academy of Medicine of Pennsylvania, &c.

I have within the last two years had an opportunity of seeing several cases of very inveterate ulcers which having resisted previously the regular modes of treatment were healed by the use of Mr. Swaim's Panacea, and I do believe from what I have seen, that it will prove an important remedy in scrofulous, venereal and mercurial diseases.

N. CHAPMAN, M. D

From Dr. W. Gibson Professor of Surgery in the University of Pennsylvania, Surgeon and Clinical Lecturer to the Alms House, Infirmary &c.

I have employed the Panacea of Mr. Swaim, in numerous instances within the last three years, and have always found it extremely efficacious, especially in secondary syphilis and in mercurial disease. I have no hesitation in pronouncing it a medicine of inestimable value

W. GIBSON. MD,

From Doctor Valentine Mott Professor of Surgery in the University of New York Surgeon of the New York Hospital. &c

I have repeatedly used Swaim's Panacea both in the Hospital and in private practice, and have found it to be a valuable medicine in chronic syphilitic and scrofulous complaints & in obstinate cutaneous affections. VALENTINE MOTT, M. D.

CAUTION TO PURCHASERS.

☞ Swaim's Panacea, is in round bottles, fluted longitudinally with the following words blown in the glass;

Swaim's Panacea—Philad.

Having but one label which covers the cork with my own signature on it so that the cork cannot be drawn without destroying the signature without which none is genuine. The medicine may consequently be known to be genuine when my signature ia visible, to counterfeit which will be punishable as forgery.

Proposals

For Publishing by subscription at Bel Air Harford County, Maryland.

A HUMOROUS PUBLICATION

TO BE ENTITLED, THE

MIRROR OF MIRTH.

"Mirth that winkled care derides
And laughter holding both his sides."

THE subscriber, fully aware, himself that innocent mirth tends more to blunt the arrows of adversity, and promote health and happiness among mankind, than almost any other means which can be used, is induced to try the experiment of starting a publication which will bear the above title. It is unnecessary, perhaps, to state, that he will expect; before he commences the publication the names of a sufficient number of persons to pay all the expenses which will be incurred, and when he assures his friends that his calculations on the score of expense are not very extravagant he hopes the public may be the more inclined to favor the contemplation publication.

The pages of the *Mirror of Mirth* will be perfectly free from all party spirit whether in religion or politics. And while the most scrupulously devout will find nothing to condemn, those who make no profession of religion will find in every line something to please, to amuse and delight.

The publication will contain witty Anecdotes, pithy Epigrams, Bon Mots, enigmas, Conundrums, Epitaphs, Choice Sentiments from the best writers of the age; and a collection of the best Maxims, on various subjects, which are to be found in the most approved writers. The Editor of the *Mirror of Mirth* will strive to make it worthy of the support of the community in all parts of this State, and indeed of the country.

Terms.

The *Mirror of Mirth* will be printed on a royal sheet of beautiful paper, and good type, and will contain 8 octavo pages weekly at the very low price of $1 per annum payable on the delivery of the first No $1. 25 if paid at the end of SIX MONTHS, and $1 50 if payment be deferred until the end of the year. Fifty-two numbers will comprise a year, or one volume of 416 pages.

***Should a sufficient degree of encouragement be given the *Mirror* will be embellished, occasionally, with humorous engravings.

***Gentlemen procuring five responsible subscribers will be entitled to a sixth copy gratis. Those who procure ten or more subscribers and forward the money, will receive an extra copy and ten per cent, on all money which they collect.

***If a sufficient number of names shall be obtained to justify the expense the publication will be commenced as soon after the first of January as practicable of which due notice will be given.

***If a sufficient amount of patronage be bestowed in the cities of Baltimore and Washington, subscribers will be furnished in those cities with their papers fee of postage,—in Washington on the day after publication, in Baltimore on the same day they are published.

***Persons holding subscription papers will please return the same previous to the first day of January 1834
