WANTED,

IMMEDIATELY A MILLER, to take charge of my Mill—To one who can come well recommended for capacity, sobriety, honesty, &c. liberal wages will be given.

SAMUEL RINGGOLD, Jr.

Near Chestertown, Md. Sept. 4th 1829.

Price Two Dollars per Bottle.

TO THE PUBLIC.

IN consequence of the numerous frauds and impositions practised in reference to my medicine, I am again induced to change the form of my BOTTLES. In future, the PANACEA will be put in round bottles, fluted longitudinally, with the following words, blown in the glass, "SWAIM'S PANACEA—PHILADA." as represented above.

These bottles are much stronger than those heretofore used, and will have but one label, which covers the cork, with my own signature on it, so that the cork cannot be drawn without destroying the signature, without which none is genuine. The medicine may consequently be known to be *genuine* when my *signature* is visible: to counterfeit which will be punishable as forgery.

The *increasing demand* for this celebrated medicine has enabled me to reduce the price to Two Dollars per bottle; thus bringing it within the reach of the *indigent*.

My Panacea requires no encomium; its *astonishing effects* and *wonderful operation* have drawn, both from *Patients and Medical Practitioners of the highest respectability*, the most unqualified approbation, and established for it a *character* which *Envy's pen* though *dipped in gall*, can never *tarnish*.

The false reports concerning this valuable medicine, which have been so diligently circulated by certain Physicians, have their origin either in *envy* or in the mischievous effects of the *spurious imitations*.

The proprietor pledges himself to the public, and gives them the most solemn assurances, that this medicine contains neither mercury nor any other deleterious drug.

The public are cautioned not to purchase my Panacea, except from myself, my accredited agents, or persons of known respectability; and all those will consequently be without excuse, who shall purchase from any other persons. Wm. SWAIM.

Certificates.

From Dr. Valentine Mott, professor of Surgery in the University of New-York, Surgeon of the New-York Hospital, &c.

I have repeatedly used Swaim's Panacea, both in the Hospital and in private practice, and have found it to be a valuable Medicine in Chronic, Syphilitic and Scrofulous complaints and in obstinate cutaneous affections.

VALENTINE MOTT, *M. D.*

From Docter N. Chapman, Professor of the Institutes and Practice of Physic and Clinical Practice in the University of Pennsylvania, President of the Academy of Medicine of Philadelphia, &c.

I have within the last two years had an opportunity of seeing several cases of very inveterate ulcers, which having resisted previously the regular modes of treatment, were healed by the use of mr. Swaim's PANACEA; and I do believe, from what I have seen, that it will prove an important remedy in scrofulous, venereal, and mercurial diseases. *N. Chapman*, M.D

FROM DOCTOR W. GIBSON.

Professor of Surgery in the University of Pennsylvania, Surgeon, and Clinical Lecturer to the Alms House Infirmary, &c.

I have employed the *Panacea* of Mr. Swaim, in numerous instances, within the last three years, and have always found it extremely efficacious, especially in secondary syphilis and in mercurial disease. I have no hesitation in pronouncing it a medicine of inestimable value.

W. Gibson, M. D.

FROM DR. WILLIAM P. DEWEES

Adj't. Professor of Midwifery, in the University of Pennsylvania, &c.

I have much pleasure in saying I have witnessed the most decided and happy effects in several instances of inveterate disease from Mr. Swaim's *Panacea*, where other remedies had failed—one was that of Mrs. Brown (See Book of Cases, page 53.)

Wm. P. Dewees, M. D.

Caution to Purchasers.

This medicine had been used for more than 7 years before an effort was made to imitate it; but the great demand for it, and its wonderful success, have induced a great number of persons to imitate it in various ways—upwards of fifty different mixtures have been got up in imitation of it, which is a convincing proof of its being a medicine of great value. Some are selling Sarsaparilla and other syrups, imposing them on the ignorant for the Panacea; others are mixing the genuine medicine with molasses, &c, making three bottles out of one; thus retaining some of its virtues: others are using the genuine Panacea in their bottles to perform cures, to obtain certificates to give their own a reputation, &c. Some have even resorted to perjury to deceive the public. These imitations and adulterations have, in many instances, protracted the sufferings of patients in diseases where the genuine Swaim's Panacea would have proved instantly efficacious. I therefore deem it a duty I owe the public to assure them, that the composition of my Panacea is not known nor was it ever communicated to any other person in any way whatever: and consequently, that all other mixtures represented to be mine, are fraudulent impositions.
