LADY'S BOOK.

A monthly literary miscellany, devoted to Literature, the Fine Arts, Fashions, Biographical Anecdotes, Tales, Narratives, Music, Riding, Dancing, Poetry, Embroidery, &c.

THE first number of this work for 1831 is just published. It will be well for us to observe that the contents which are given below have been selected with much care—attention has been particularly directed to make them diversified, amusing and moral. If, in the opinion of our patrons we have in a measure succeeded, their approbation will fully compensate us for the difficulties and additional expenses we have had to encounter. Having in vain attempted to supply some of the pressing calls for our former numbers, we must be allowed to say, the fault does not rest with us but the public—we printed what we considered a *large* edition at the commencement, and then re-printed No. 1, &increased the edition of the after Numbers in proportion, and notwithstanding we have not copies of the work remaining on hand!

We cannot conjecture what number of the second volume will be subscribed for, but as our edition is limited, (*and no second edition can possibly be printed*.) we especially request, that our agents and friends will make this particularly known that all who think well of the work and would patronize it, may be induced to send their subscriptions forthwith.

It will be noticed that the PLATE OF FASHIONS that accompanies this number is that which is now in vogue among the fashionables in Philadelphia, and must not be considered a mere fancy sketch.—the designs were furnished us by a Lady well versed in those matters, (the colours also were adopted under her direction,) and our female readers at a distance may receive them, without hesitation, as being perfectly authentic. The description of European Fashions accompanying the description of the Philadelphia Fashions are the latest sent over to this country, and our receiving them in time for insertion is owing to the attention of a Liverpool friend, who is much interested in the success of this work. Centreville Times,

& (E. S.) PUBLIC ADVERTISER

DEVOTED TO RELIGION, POLITICS, THE ARTS AND SCIENCES, AGRICULTURE, AND NEWS, GENERALLY.

THE price of this Paper is $3,00 per Annum, and is published by JOHN B. SPENCER (Proprietor and Editor,) in Centreville, Queen Ann's County, Eastern Shore of Maryland, and circulates freely through the surrounding neighbourhood; the various Counties on the Eastern Shore, parts of the Western Shore of Maryland, and other of the States of the Union.

CENTREVILLE is situated in the centre of the most populous and wealthy part of the Peninsula, & has communication directly with the various parts of the Eastern-Shore, with Wilmington & Smyrna in Delaware, and Philadelphi by Post-roads; with Baltimore, Annapolis, &c. by the Chesapeake Bay.

When is considered the extensive Trade carried on by the Eastern-Shore with Baltimore and Philadelphia, (which are the principal Markets for the sale of the Produce and for furnishing supplies to the Eastern-Shore of Md.) the Times & Publick Advertiser, as a vehicle of communication, will be found exceedingly advantageous to the Baltimoreans and Philadelphians who are in any kind of business and are desirous of taking advantage of this Trade. It is likewise recommended to the attention of Lottery Brokers.

Advertisements inserted at the usual rates, with a liberal deduction to those Advertising by the year. 8t

FOR THE CURE of Scrofula or King's Evil, Syphilitic and Mercurial Diseases, Rheumatism Ulcerous Sores, White Swellings, Diseases of the Liver and Skin, General Debility, &c. and al diseases arising from impure blood. It has also been found beneficial in Nervous and Dyspeptic complaints.

Price Two Dollars per bottle, and Twenty oll are per dozen.

TO THE PUBLIC.

In consequence of the numerous frauds and impositions practised in reference to my medicine, I am again induced to change the form of my Bottles. In future the Panacea will be put up in round bottles, fluted longitudinally, with the following words blown in the glass. "Swaim's Panacea Philada." as represented above.

These bottles are much stronger than those heretofore used, and will have but one label, which covers the cork, with my own signature on it, so that the cork cannot be drawn without destroying the signature, without which none is genuine. The medicine may consequently be known to be genuine when my signature is visible: to counterfeit which will be punishable as forgery.

The increasing demand for this celebrated medicine has enabled me to reduce the price to Two Dollars per bottle, thus bringing it within the reach of the indigent.

My Panacea requires no encomium; its astonishing effects and wonderful operation have drawn, both from Patients and Medical Practitioners of the highest respectability, the most unqualified approbation, and established for it a character, which Envy's pen, though dipped in gall, can never tarnish.

The false reports concerning this valuable medicine, which have been so diligently circulated by certain Physicians, have their origin either in envy or in the mischievous effects of the spurious imitations.

The Proprietor pledges himself to the Public, and gives them the most solemn assurances, that this medicine contains neither mercury nor any other deleterious drug.

The Public are cautioned not to purchase my Panacea, except from myself, my accredited agents, or persons of known respectability, and all those will consequently be without excuse, who shall purchase from any other persons. WM. SWAIM.

Philadelphia, September, 1828

From Doctor Valentine Mott, Professor of Surgery in the University of New York, Surgeon of the New York Hospital, &c &c.

I have repeatedly used Swaim's Panacea both in the Hospital and in private practice, and have found it to be a valuable medicine in chronic, syphilitic, and scrofulous complaints and in obstinate cutaneous affections. VALENTINE MOTT. M.D.

New-York, 1st mo, 5th. 1824.

From Doctor William P. Dewees, Adj't Professor of Midwifery in the University of Pennsylvania, &c. &c.

I have much pleasure in saying I have witnessed the most decided and happy effects in several instances of inveterate diseases from Mr. Swaim's Panacea where other remedies had failed—one was that of Mr. Brown. WM. P. DEWEES, M. D.

Philadelphia, February 20 1823.

From Doctor James Mease, Member of the American Philosophical Society &c, &c.

I cheerfully add my testimony in favour of Mr. Swaim's Panacea, as a remedy in Scrofula. I saw two inveterate cases perfectly cured by it, after the usual remedies had been long tried without effect—those of Mrs. Offner and Mrs. Campbell.

JAMES MEASE, M.D

Philadelphia, February 18 1823.

The GENUINE PANACEA may be had, whole-sale and retail, at the proprietor's own prices of HENRY PRICE.
